FLEXIBLE SPENDING ACCOUNT WORD GLOSSARY

Unsure of what a certain word means? Search our glossary for definitions of commonly used words.

Annual election amount - this is the total dollar amount you elect to put into your FSA at the beginning of each plan year.

Dependent - a dependent is a person whose expenses are eligible for reimbursement through the employee's FSA. A dependent is usually an employee's spouse or child(ren) under age 27. Please visit our website www.padmin.com for more information.

Eligible expense - items that are reimbursable under the FSA Plan are classified as "eligible expenses" according to IRS rule. For a detailed list of what is eligible please refer to page 10.

FICA - taxes collected for Social Security and medicare benefits.

Flexible Spending Account - also known as an FSA; a pre-tax benefit plan that enables the employee to save 30-40% on eligible expenses. By enrolling in this plan the participant saves on state, federal and FICA taxes.

Grace period - an extension of the period during which expenses can be incurred.

Open Enrollment - a designated time, prior to the start of your plan year, during which employees can enroll in the FSA plan and change their benefit elections.

Plan year - the twelve month period during which the annual election is effective.

Run-out period - a period of time after the plan year ends during which participants may submit receipts for expenses which were incurred during the plan year or grace period.

Uniform Coverage Rule - this rule allows you to access your entire annual election for the Medical Expense Reimbursement Account immediately after the start of the plan year. All other accounts are "pay-as-you-go." This rule only applies to the Medical Expense Reimbursement Account.

Use-It or Lose-It Rule - an IRS rule which states that employees must spend any remaining balance in their FSA by the end of the grace period. If you don't spend the money you forfeit it.

WHAT IS A FLEXIBLE SPENDING ACCOUNT? [FSA]

A Flexible Spending Account is a program that the Federal Government allows your employer to sponsor. It enables you (the employee) to save federal, state and Social Security (FICA) taxes on the money you use to pay for eligible expenses. The tax savings will increase your take-home pay.

A VALUABLE BENEFIT

If you choose to participate in this valuable benefit, you and your eligible dependents can pay for medical, dental and vision expenses, dependent care expenses, non-employer sponsored health insurance premiums, and adoption expenses on a tax-free basis. Use this brochure as a quick reference for questions you may have throughout the year.

WHOSE EXPENSES ARE ELIGIBLE?

Under the plan, only the expenses of a participant, a participant's spouse or a participant's dependent(s) qualify for pre-tax treatment. If you are unsure a person qualifies as an eligible dependent, please refer to the P&A website for a more detailed definition.

Go to www.padmin.com/participants and view question number four under the FSA tab.

FLEXIBLE BENEFITS PLAN

YOUR BENEFITS ARE ENHANCED

FSAs are designed to cut inevitable costs while increasing your take-home pay. Maximize every dollar by taking advantage of this benefit choice. Alleviate those high out-of-pocket expenses by enrolling in a plan that works for you.

WHEN YOU ENROLL

When you enroll you determine the options you desire, along with the amount of expenses you anticipate for the upcoming year. The benefits you elect are paid for with pre-tax dollars deducted from your paycheck each payroll period. These dollars are subtracted from your gross earnings before taxes are taken out.

HOW IT WORKS

Under this plan you can use pre-tax money to pay for up to four different kinds of expenses, including: your medical, dental and vision care expenses that aren't covered by your insurance; the cost of caring for a dependent while you work; the cost of health and accident insurance not provided by your employer; and your cost for adopting a child.

YOUR SPENDABLE INCOME INCREASES

When you elect pre-tax benefits under a flexible benefits plan, you lower your taxable income on your W-2; therefore, you pay less in taxes and increase your spendable income. Depending on your tax bracket, this plan can save you 30% to 40% on qualifying expenses.

ENROLLMENT INFORMATION

How are benefits paid for?

Any benefits you elect are paid for with money that is withheld from your pay. These pay reductions do not count as income for income tax or Social Security tax purposes. This means that the Plan allows you to use tax-free dollars for expenses that would otherwise have to be paid for with money that you have already paid taxes on.

When can I enroll?

Participants can enroll in an account during their open enrollment. This is the period of time determined by the employer when employees can elect their benefits and determine how much money to put into a FSA.

May I change my benefit election?

You may only make a change in your election at the beginning of each plan year. This means you may not make a change in your elections after the open enrollment period unless you experience a qualifying event, which includes the following events:

- a change in legal status (e.g., marriage, death of your spouse, divorce, legal separation or annulment),
- a change in the number of your dependents due to events such as birth or adoption,
- a termination or commencement of employment by your spouse or dependent and,
- a change in the place where you, your spouse or dependent work or reside.

Changes must be requested within 30 days of the qualifying event.

IMPORTANT NOTE: Remember, unless you experience one of the limited circumstances allowing for election changes during the Plan Year, you will not be able to reduce or increase the amounts designated on your enrollment form, nor will you be able to change amounts from one account to another. This is why you are encouraged to plan carefully before you enroll in this Plan.

Will my Social Security benefits be affected by my contributions to the Plan?

Your Social Security benefits may be slightly reduced because, when your pay is reduced to cover your benefits under the Plan, the amount of contributions that are made to the federal Social Security system to provide you Social Security benefits also are reduced. However, for most employees, the reduction in Social Security benefits will be insignificant compared to the value of paying lower taxes today.

The "USE IT OR LOSE IT" RULE

Under IRS guidelines, if you contribute dollars to a reimbursement account and do not use all of the monies you deposit, you will lose any remaining balance in the account at the end of the plan year. Only contribute money you are confident you will use during the plan year to pay for qualified expenses.

TAX SAVINGS

Whether you are an individual, part of a dual-income household or a couple with one working spouse, a Flexible Spending Account will provide you with additional benefits and more take-home pay.

Individual

In the illustration below, the single employee earns \$30,000. She uses the flex plan to pay for her health insurance copayments and deductibles and, since she has no dental insurance, her dental expenses. This way she increases her take-home pay by \$528. That is additional take-home pay she can use for herself!

Working Couple with Dependents

This husband and wife both work. They have two children. He makes \$30,000 and she earns \$42,000 per year. They use the flex plan to help pay for orthodontia for their

younger child. The couple also use their flex plan to pay for health insurance premiums for their child who is too old to be covered by their company health plan. The chart shows that this couple increases their monthly take-home by \$207 or \$2,484 total this year. That gives them additional money for the emergency expenses every family has and allows them to set some money aside to fund an additional retirement plan.

Couple – One Working Spouse

With grown children, and only one spouse working, this couple has no child-care expenses. The annual salary of the working spouse is \$54,000. They use the flex plan to pay the premium for dependent health insurance coverage, to meet their health insurance deductibles, and to pay dental care expenses. The flex plan increases the spouse's take-home pay by \$57 per month, or \$684 for the year – a nice raise for the family budget!

ACCOUNTS AVAILABLE UNDER THE FSA PLAN

When you elect to pay for uninsured health expenses, dependent care expenses, insurance coverage (not from your employer) or adoption expenses, an account to pay those expenses is set up in your name.

MEDICAL EXPENSE REIMBURSEMENT ACCOUNT

Covers medical, dental and vision expenses that are only partially covered or not covered at all by your insurance, including insurance deductibles, insurance copayments and over-the-counter medications by prescription.

DEPENDENT CARE ASSISTANCE ACCOUNT

Covers amounts you pay to daycare centers, babysitters, caregivers or after school programs so that you and your spouse can work.

INDIVIDUAL PREMIUM REIMBURSEMENT ACCOUNT

Allows you to be reimbursed for individual health premiums (non-employer sponsored) you pay for individual coverage for you, your spouse or eligible dependents.

ADOPTION ASSISTANCE ACCOUNT

See the P&A website for further details.

**This account is subject to FICA taxes.*

You save only federal and state income taxes.

**Medical Expense Account is the only account where participants have access to their full annual election immediately. All other accounts are reimbursed as payroll deductions are made for any eligible claim requests submitted to date.*

FLEXIBLE SPENDING ACCOUNT CLAIMS

How do I receive Flexible Spending Account benefits? There are two ways to receive payment for your Flexible Spending Account expenses under the Plan.

Electronic Payment Method

P&A offers a Benefits MasterCard to participating employers who chose this option for their employees. The Benefits Card works like a debit card. When you incur an eligible expense simply present your Benefits Card to the provider of the goods or services you are purchasing. Swipe your card the same way you would a debit card and the expense will be automatically deducted from your Flexible Spending Account balance. If you are unable to use your Benefits Card you can still be reimbursed for all eligible expenses. Save a copy of your receipt and submit it to us along with a claim form to receive reimbursement.

(See below for more instructions.)

Claim Form Submission Method

You can also obtain reimbursement for expenses allowed under the Flexible Spending Account Plans by submitting a reimbursement claim form and documentation from the provider of the good or services you received (e.g., a receipted bill, an unpaid bill, a signed affidavit, or an expiration of benefits) stating the nature, date and amount of expense. A claim for dependent care benefits must include the name, address and taxpayer identification number of the dependent care service provider. In the case of a babysitter, the taxpayer identification number is the babysitter's Social Security number. Claim forms can be obtained online at our website (www.padmin.com).

Medical Expense Reimbursement Account Annual Election Amount

If you make an election under the Medical Expense Reimbursement Account option, the amount that you elect will be immediately credited to the account in your name. If your company offers the debit card, under this account, the card will immediately be able to access your entire annual election. Starting on the first day of the Plan Year, you will be entitled to be reimbursed for claims up to the entire elected amount at any time during the Plan Year, even if the total salary reduction contributions that you have made to your Medical Expense Reimbursement Account are less than the total amount of claims that you have submitted.

CLAIMS & REIMBURSEMENT FAQs

Claims can be submitted for reimbursement for qualified expenses incurred during the plan year. Each plan allows for a “run-out” period at the end of the plan year where claims incurred during the plan year can be submitted. *(Refer to your plan summary for the “run-out” time period allowed.)*

- Reimbursements are based on when the service is provided, not when the service is billed or paid.

How do I submit my request for reimbursement?

- E-mail claim to: flexclaims@padmin.com
- Fax claim to [877] 855-7105 using a claim form with proof of service documentation
- Mail claim to:
P&A Group
17 Court St. Suite 500
Buffalo, NY 14202

Whether you are faxing or mailing a claim to P&A, make sure to include all the evidence of your expense (i.e., receipts, explanation of benefits, etc.).

How does P&A reimburse me?

- The quickest way to receive your money is by direct deposit to your personal checking or savings account. You can sign up for direct deposit by completing and submitting the direct deposit authorization agreement (See page 17). You can also receive your money via check mailed to you at home. Once enrolled in direct deposit, all deposits are made via direct deposit until we are otherwise notified.

What is the maximum amount I can be reimbursed?

- Medical, dental, vision expenses will be reimbursed based on the total amount indicated on the claim request. This amount must not exceed your total plan-year election amount.
- Dependent care, individual premium and adoption expenses will be reimbursed based on the amount indicated on the claims request up to the total amount in your account (payroll deducted) at the time the claim is received. Total amounts must not exceed your plan-year election amount and must be submitted with appropriate documentation to verify eligibility of expenses. *(Minimum check reimbursement amount is \$25.00)*

When you choose to participate in the flexible spending benefit, you and your eligible dependents can pay for medical, dental and vision expenses, dependent care expenses, non-employer sponsored health insurance premiums, and adoption expenses on a tax-free basis – the result – more take home pay for you!

DEPENDENT CARE GUIDELINES

WHAT EXPENDITURES ARE ELIGIBLE FOR REIMBURSEMENT UNDER DEPENDENT CARE FLEXIBLE SPENDING ACCOUNTS?

Eligible expenses are defined as those that enable the participant and the participant's spouse to work or to look for work.

They include the following:

1. Childcare centers that care for six or more children and that meet the IRS's definition of a qualified day care center;
2. Caregivers for a disabled spouse or dependent who lives with the participant;
3. Babysitters;
4. Nursery schools; and
5. Household expenses provided that a portion of these expenses is incurred to ensure a qualifying dependent's well being and protection.

A stipulation imposed by the IRS is that the service provider must be over 18 years of age, and cannot be an individual for whom a personal tax exemption may be claimed.

ARE THERE CERTAIN CIRCUMSTANCES UNDER WHICH AN EMPLOYEE'S SPOUSE IS TREATED AS IF HE OR SHE IS WORKING EVEN THOUGH THE SPOUSE IS NOT EMPLOYED?

Yes. If an employee's spouse is a full-time student or is physically or mentally not capable of self-care, he or she is treated as if working. A spouse is a full-time student if he or she is enrolled at and attends a school for the number of hours or classes that the school considers full time. The spouse must have been a student for some part of each of five calendar months during the year.

WHAT EXPENDITURES ARE PROHIBITED FOR REIMBURSEMENT UNDER DEPENDENT CARE FLEXIBLE SPENDING ACCOUNTS?

Expenditures that are prohibited for reimbursement include the following:

1. Babysitting for social events;
2. Educational expenses;
3. Charges for overnight camp; and
4. Expenses that the participant will take as a child care tax credit on his income tax return.

IS THERE A MAXIMUM AMOUNT OF EXPENSE THAT MAY BE REIMBURSED BY A DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT?

Yes. The maximum annual contribution is \$5,000 (\$2,500 for married participants filing a separate income tax return), but no more than the lesser of the earned income of the employee or his spouse. If your spouse is a full-time student or incapacitated the maximum annual election is \$3,000 for one child or \$5,000 for two or more children. (Amounts subject to change due to IRS guidelines)

WHO IS A QUALIFYING DEPENDENT FOR PURPOSES OF A DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT?

Dependent care expenses must be provided to qualified persons. A qualified person is defined as any of the following:

1. A dependent under age 13 who qualified as a dependent for income tax purposes;
2. A spouse who is physically or mentally unable to care for himself or herself.
3. A dependent that is unable to care for him or her and who qualifies as a dependent for income tax purposes.
4. If the qualifying person is not under age 13, dependent care expenses incurred outside the home can be reimbursed only if the qualifying person regularly spends at least 8 hours a day in the employee's household.
